The Organisation does not enter into business with any other organisation, in the United Kingdom or abroad, which knowingly supports or is found to involve itself in slavery, servitude and forced or compulsory labour.

No labour provided to the Organisation in the pursuance of the provision of its own services is obtained by means of slavery or human trafficking. The Organisation strictly adheres to the minimum standards required in relation to its responsibilities under relevant employment legislation in the United Kingdom.

E) SUPPLY CHAINS

In order to fulfil its activities, the Organisation’s main supply chains include those related to the supply of multi-metal materials and other products/goods from various suppliers in both the United Kingdom and China. To our knowledge, each supplier upholds their own standards of anti-slavery and anti-human trafficking compliance.
